

Assembly Guide

Game Props

MakerWorld

Additional Tools You'll need

Instant Glue

- **Please ensure safe use of sharp tools and instant glue; safety first in everything you do!**
- **The model contains many small parts. Please prepare a container to store them and prevent loss.**
- **For parts to be glued together, first assemble them loosely to check the fitting before applying glue.**
- **Depending on your assembly skills, the assembly time can vary from 1 to 3 hours. If you encounter any troubles, do not feel discouraged. Please leave a message on the model page or seek help in the community.**
- **Let's build it!**
